

CLARENCE BRUCE

April 26, 2012

I joined Monsanto in St. Louis in 1968 and then moved with them to Cupertino, CA.

I left Monsanto in 1972 to go to Coherent Radiation as their International Marketing Manager for lasers.

After that, I sort of followed technologies in the US and International as a marketing director to build sales organizations and market products. Products were lasers, integrated circuits, passive components, and again LEDs plus LCDs.
